Whatever did not fit in with my plan did lie within the plan of God. I have an ever deeper and firmer belief that nothing is merely an accident when seen in the light of God, and that my whole life down to the smallest details has been marked out for me in the plan of divine Providence and has a coherent meaning in God’s all-seeing eyes.

Inclement Weather Policy

If school is going to be cancelled because of weather conditions, this fact will be announced over the radio stations. The best source is station WBAL (1090 on the AM dial). Mount Saint Joseph will not be mentioned by name. Whenever Baltimore County secondary schools cancel school because of snow conditions, Mount Saint Joseph will automatically be closed. If Baltimore County opens one or two hours late because of weather, Mount Saint Joseph will do likewise; however, if Baltimore County opens more than two hours late, Mount Saint Joseph will open only two hours late. If Baltimore County is closed or on vacation, we will follow Howard County.

The Parents’ Corner
Mrs. Mary Wiedel, Director of Parent Relations

The winter months at the Mount are very busy, despite the temperatures outside. While the normal academics, club activities and sporting events have continued in full swing, we have had students take field trips to the Naval Academy, to Pennsylvania for our annual ski trip, to D.C. for the March for Life, to the trading floor at T. Rowe Price for a lesson in finance, to the Google headquarters in New York City for computer science learning, while some freshmen served at Our Daily Bread ministry, and some of our juniors attended their retreat in Sparks, MD. So, as you can see, this place is rarely quiet.

Sometimes, though, you don’t have to step off campus to have an extraordinary experience. This happened for me at this year’s Martin Luther King Prayer Service. Following uplifting music presented by the combined choirs of MSJ students and the young women of Mount de Sales Academy, we were treated to an incredible talk given by Dr. Leon Bass. Dr. Bass is a former high school principal and a veteran of World War II. He has dedicated much of his life to being a teacher, a school administrator and a speaker fighting racism wherever it exists. It is difficult to convey just how inspiring his talk was to the large group in attendance. You could hear a pin drop during the forty minutes he spoke. He shared his life journey throughout his service in WWII and the following years of schooling and teaching. These years were peppered with multiple incidences of discrimination. He struggled to overcome feelings of anger when some people conveyed that he was “not good enough” to eat, drink or sleep in the same places that white folks did. Dr. Bass learned that for him the only way to deal with this pain was by loving others. As a child, he learned this approach through lessons from his parents. Then in his adult life he embraced the teachings of Dr. King, who stressed that non-violence was the best way to answer those who discriminated against others. Throughout his talk, Dr. Bass sprinkled his sharing with great pearls of wisdom for our young men. He stressed that no one should ever be made to feel that they are not “good enough” to accomplish anything that they try to achieve. For those of us in attendance, Dr. Bass was inspiring!
February Meeting - Our next meeting will be **Tuesday, February 7, at 7:30 p.m.** Our meeting will be a joint meeting with the Fathers’ Club. She is the author of the *NY Times* bestselling book, *Messenger: The Legacy of Mattie J.T. Stepanek and Heartsongs*. Ms. Stapenek’s inspirational message about aspects of life including parenting and spirituality have been carried by various media outlets. She will be speaking about "Raising Sons with Love and Peace."
